

UJJWAL DAJI

(630) 589-2973 • ujjwaldaj@gmail.com • Glendale Heights, IL 60139

Self-motivated Full Stack Developer with expertise in HTML, CSS, React, and Redux. Developed custom websites for clients at Mid America Dental Sales and Brumainc. Ensured compatibility across multiple platforms and devices, and implemented responsive design principles. Collaborated with designers to create user-friendly interfaces. Managed source control repositories with Git and used scripts to improve website performance. Troubleshoot network connectivity issues and provided technical support at Nova Plastics. Results-driven Web Developer develops cutting-edge websites and web applications. Expertise in HTML, CSS, JavaScript, React, Node.js, and other web technologies. Skilled at developing custom solutions to fit client needs while delivering high-quality products on time and under budget. Adaptable student with knowledge of application development, configuration management, and database design. Aiming to leverage my abilities to successfully fill the vacancy on your team. Frequently praised for communication by my peers, I can be relied upon to help your team achieve its goals. Motivated Web Developer with an extensive knowledge of web development, design, and coding, as well as experience in a wide range of programming languages, frameworks, and tools. Proven success in developing and deploying applications, websites, and web services. Highly organized and detail-oriented, with a knack for finding creative solutions to challenging problems. Accomplished professional skilled in monitoring and troubleshooting system performance, resolving technical issues, and configuring hardware and software. Experienced in system automation and scripting with expert delivery of user support and training. Proven track record of successfully managing diverse IT projects while adhering to best practices and industry standards.
